

# ANDREW PIERSON IS DEAD

## Business Manager of Advocate Passed Away Tuesday After Long Illness

### Funeral Services at Home on Fifth Street Thursday Afternoon at 2 O'clock--Earnest, Conscientious, Capable Man Goes to His Reward.

Andrew H. Pierson, business manager of the Advocate, is dead. After a heroic battle in which his indomitable will stayed the hand of death for years, this noble man was at last forced to surrender and he passed peacefully away at 3:45 o'clock Tuesday morning.

Mr. Pierson had long been ill and had been obliged to seek the climate of Mexico and the southwest each winter for years, but in spite of the inroads upon his constitution, he fought bravely on and even to those closest to him he would hardly admit that his health was failing. His was a courage to admire.

Within a year the decline has been more rapid and the summer trip to northern Michigan failed to stimulate him as previous travel had done and when he returned home early in September he was obliged to surrender and remain at home. Even there his mind remained constantly upon his business and he was hopeful even on Monday of being able to resume his duties at his desk.

Conscious to the end, ready to go, Mr. Pierson calmly and peacefully passed away and a home that he had honored was made desolate.

The funeral will be held Thursday afternoon at 2 o'clock at No. 27 North Fifth street, the Rev. Thomas A. Cosgrove officiating, after which the remains will be taken to Cedar Hill by friends and associates in the Advocate office and laid to rest.

Mr. Pierson was born at Columbia Center, Licking county, on December 28, 1859, and was therefore nearly 48 years of age. He was the son of the late Ira A. Pierson, who died four years ago. After pursuing a course of study at Central college, Mr. Pierson came to Newark in March, 1880, and took a position in the business office of this paper, which at that time was published by Joseph A. Caldwell

and J. H. Newton. Later with the organization of the Advocate Printing company, Mr. Pierson was elected secretary and business manager of the company.

On October 24, 1889, Mr. Pierson and Miss Lida Newton were married. Besides Mrs. Pierson, his mother, Mrs. Ira A. Pierson of Greenville, his sister, Mrs. James G. Reid of Greenville, and two brothers, James E. Pierson of Condit and I. M. Pierson of Greenville, survive.

Mr. Pierson was a member of the Second Presbyterian church of Newark, was a Mason and a Knight of Pythias, being identified with Acme lodge No. 554, F. and A. M., Warren Chapter No. 6, R. A. M., and Newark lodge, No. 13, K. of P.

Mere words can not pay a just tribute to Andrew H. Pierson, but to those who knew him no tribute is necessary. His quiet, unassuming manner did not obtrude itself, and his modesty would never permit him to seek or to occupy a conspicuous place in affairs of the city. He was content to devote his whole energy, his life long effort to the interests of his newspaper and only those who were associated with him in the conduct of this paper have a real appreciation of his worth. Here he was familiar with every detail of the business, here his whole heart centered, here he made his success and his work stands as a monument to his memory.

Mr. Pierson's identification with the church was not a matter of form. It was like everything else he did or thought—it was genuine. Generous to a fault, ever considerate of the unfortunate, kind to the weak, firm in conviction, but always sympathetic, Mr. Pierson was a man of noble type. These sentences voice the sentiments of those who knew the man and knowing him, loved and admired him.

ANDREW H. PIERSON.

## ONLY KAISER NOW BETWEEN BAU AND DEATH

(Bulletin.)  
Berlin, Oct. 15.—The supreme court of the empire has disallowed the appeal sought by Prof. Hau, the Washington lawyer under sentence of death for the murder of his mother-in-law, Frau Molier. The highest tribunal's action seals the prisoner's fate, unless the Kaiser should interfere in his behalf.

## FRENCH PRIESTS BEING EXPELLED BY GENDARMES

Paris, Oct. 15.—The priests of the department of Finistère, having generally refused to quit their parishes, which reverted to the communes under the church and state separation law, are now being expelled by the aid of gendarmes. At many places resistance was encountered. At Relecq the gendarmes were forced to break in the doors of the presbytery in order to eject the priests, who were surrounded by weeping women. At Pen-ar-an, after a tumultuous scene, the gendarmes took possession of the bell in the tower of the church in order to prevent the irate priests from arousing the people.

## REDUCTION

Of Cable Rates to Be Made on Messages Sent by Wireless Telegraphy Across Atlantic.

Sydney, N. S., Oct. 15.—Trans-Atlantic wireless telegraphy is to begin before the end of the week. Service messages have already passed between station at Cape Breton and Clifden, Ireland. The start on commercial business would be made at once, according to inventor Marconi.

## JUDGE McCARTY HAS RESIGNED HIS POSITION

### GOVERNOR HARRIS TO APPOINT SUCCESSOR TO CANTON MAN IN A FEW DAYS.

Resignation of Circuit Court Judge Was Caused by His Continued Illness.

A special dispatch to the Advocate says that Circuit Judge T. C. McCarty of the Fifth Judicial circuit, whose home is at Canton, Tuesday morning forwarded to Governor Harris his resignation, the same to take effect as soon as his successor is appointed. Licking county is included in this circuit.

The resignation of Judge McCarty was caused by continued ill health, not having been able to serve on the bench for over a year.

The judge's term would have expired in February, 1909, and Governor Harris within the next week will name his successor, who will serve until that time. A new judge will be elected in November, 1908.

Judge McCarty was first elected to the Circuit bench in 1897. He was re-elected in 1903.

Rev. Dr. Willard Scott of Piedmont church, Worcester, Mass., has resigned his pastorate so that he can devote all his time to golf.

The storage capacity of the yards of the Pennsylvania railroad has increased 200 per cent in ten years.

## FISH HAS LOST FIRST ROUND IN HIS FIGHT

### WITH HARRIMAN FOR CONTROL OF THE ILLINOIS CENTRAL RAILROAD.

## NO TIME WAS GRANTED

### To Prepare for Argument and He Must Defend Injunction At Once.

Chicago, Oct. 15.—Stuyvesant Fish lost the first round of the fight for control of the Illinois Central. His attorneys requested Judge Ball to postpone hearing in the case At-torneys for Harriman and Harahan objected, on the ground that \$3,000,000 worth of stocks had been disfranchised by the restraining order. Judge Ball declared he had notified Fish's lawyers when they requested the injunction that they must be prepared to defend it at once. He ordered the appearance of the attorneys entered so that hearing might proceed at once.

From the fact that the Harriman forces demanded the right to combat the application of Fish for an injunction, it is taken that Harriman has not enough stock under his wing to control the situation without that involved in the injunction. After a conference last night, Ralph M. Shaw, leading the attorneys for Harriman, said that it might be decided by today that it would not be necessary for the Harriman forces to fight Fish's suit, because they could control enough stock to let that controversy wait for a later date. This morning, after another conference, he said the Harriman side would disprove immediately in court every issue raised by Fish.

The stock tied up by the restraining order issued last evening by Judge Ball is slightly more than 30 per cent of the entire capital stock of the road. It is owned by the Union Pacific railroad and by the Mutual Life Insurance company.

E. H. Harriman arrived this morning in a private car from New York, but did not appear in court at the opening. He went at once to the Annex and was closeted there with his attorneys.

Fish also was not present in person at the opening. Both leaders are controlling their forces under the same roof, but so far they have not met in the hotel.

Safe of the Kirby Lumber Company at Silsbee, Texas, was robbed of \$7,500 funds of Paymaster T. H. Hunter, who deposited the cash for safekeeping.

John Tracey, a farmer, and his wife, were killed about ten miles southwest of Minneapolis, Minn., when a suburban trolley car struck the buggy in which they were riding.

## TRAIN WRECKED FIERCE FLAMES FOLLOW CRASH

### AT LEAST FIFTEEN PERSONS KILLED IN RAILROAD ACCIDENT.

## OCCURRED ON A CURVE

### While the Train Was Going at Ter- rific Speed—An Investigation Will Be Ordered.

London, Oct. 14.—At least fifteen persons perished, twenty-three are gravely injured, and many suffered less serious hurts in a wreck of a Northwestern railroad train, on a curve near Chesham Station early today. Besides the corpses already taken from the debris, it is feared that other bodies are still buried in the mountain of wreckage. Several of the injured cannot live. Fire followed the crash, and the bodies of several of the dead are partly incinerated and a number of the injured were frightfully burned.

The express was bound from Crewe to London and running at a terrific speed when it struck a curve, mounted the rails and swung across the track. Several of the coaches were telescoped. The wreckage burst into flames almost instantly, forcing the rescuers to battle with fire even before turning their attention to saving the injured. Excessive speed on a dangerous curve is charged, and a strict investigation will be made to fix the responsibility for the disaster.

## RACE WAR

### WAS PRECIPITATED IN SAN FRANCISCO, SCORES BE- ING INJURED.

Drunken Man Stumbled Against a Window in a Japanese Laundry, Which Starts Riot.

Chicago, Oct. 15.—A race war in San Francisco resulting in injuries to scores of men and at least ten deaths, caused last night when a drunken Japanese man, who had been drinking at a Japanese laundry, stumbled against a window of a Japanese laundry, according to a story printed in the Tribune.

After a shower of stones and a shower of water, the owner of the laundry, Umke Kube, owner of the laundry, was dragged to a nearby room, where King helped him to sleep. Kube opened the door and helped help. Help came from the Japanese laundry. Friends did not dare damage in a few minutes the wrecking crew could have done in a day.

In 1897 there were only sixteen motor-cars in Britain. Now there are nearly 6,000.

\*\*\*\*\*  
WORLD WIDE EFFECTS  
OF GREAT STRIKE.  
\*\*\*\*\*

London, Oct. 15.—About nine in every ten members of the Amalgamated Society of Railway Servants are voting for a strike on every line in England. The men's decision for warfare is a foregone conclusion. The walkout will tie up practically every mile of track on the island and its effect, with the complete prostration of commerce, all over Great Britain, can not but be felt throughout the world.

\*\*\*\*\*

## INFLUENCE

### OF WESTERN UNION MANAGER MAY HAVE BEEN EXERTED.

### And Its Effect Felt by Small in At- tempting to End Strike, Think Union Officers.

New York, Oct. 15.—The coincidence that the attempt to call off the telegraphers strike by President Small, came just before George Gould was due to arrive from Europe, and just before Robert C. Clowry comes up for reelection as president of the Western Union at a meeting to be held tomorrow, has as wondering, said Charles P. McInerney, secretary of the local telegraphers union, today. "It would have looked well for Clowry if the strike had been ended when Gould arrived and when the vote was taken upon his reelection. "No one changes that Small was in any way in communication with Clowry, or that he knowingly did anything deliberately traitorous. But it has been suggested that Clowry might have brought influences—disguised as to their source—to bear in such a way as to gain a result he greatly desired."

The union men denied absolutely that their ranks are being depleted by the return of strikers to their keys.

Preparations are under way to make the special national convention to be held in Milwaukee, October 23, a monster demonstration. At that time Small will be given a hearing and his successor elected.

The announcement of Clarence H. MacKay, president of the Postal Telegraph company, that the "Postal Employees' Association" will be formed to "promote good relations between the company and employees," caused much derision among the union leaders.

"It is an old trick to divert interest from the real union. It has failed before and will again," said McInerney.

## Declines Nomination

Boston, Oct. 15.—Police Commissioner Stephen O'Meara who was asked by the Republican city committee and the Good Government association to be the Republican and independent candidate for mayor of Boston, at the election next December, declined to accept the proposition, on the ground that his sense of duty to the city compels him to remain with the police department.

## ADMINISTRATION'S RAILWAY POLICIES IN SUPREME COURT

Washington, October 15.—President Roosevelt's railroad policies came squarely before the United States Supreme court today. Briefs were submitted whereby four big packing concerns of the west hope to evade payment of \$12,000 fines for accepting "concessions" from railroads on meat shipments for export. The justice department is fighting the writs.

## "BEAR" PLUNGER WON MILLIONS ON WALL STREET

New York, Oct. 15.—I Brandt Walker, the newest "Narcissus" of Wall Street, has written "Fins" on the last page of his guarded memorandum book. He announced that he thought he would be able to winter quite comfortably upon the \$4,500,000 he has cleared out of Wall Street since last St. Patrick's day. Mr. Walker's bear plunges during the present slump alone have netted him \$4,900,000.

## Employees Retaliates.

Tann, Oct. 15.—The laboring men of Tann voted that the general strike should terminate. The manufacturers have retaliated for the strike by declaring a lockout to last 48 hours.

# TOWN IS DESTROYED SCORES ARE KILLED IN AWFUL EXPLOSION

## The Dupont Powder Works at Fontanet, Indiana, Was the Scene of a Terrible Catastrophe Tuesday

## CAR LOAD OF COFFINS WERE QUICKLY SENT

### Detonations Heard for a Distance of Sixty Miles---School House Destroyed Burying Many Children---Heart Rending Scenes Were Enacted.

Terre Haute, Ind., Oct. 15.—The large mills and store houses of the Dupont Powder company at Fontanet, 16 miles from here, blew up at 9:15 o'clock this morning, wrecking the town of Fontanet, killing over half of the employees at the mills and resulting in the death of many men, women and children in the village.

With forty bodies recovered up to noon today and with one train load of injured brought to the hospital, here, the work of rescue is still going on. The death list will grow to almost one hundred persons, is the belief of the rescuers.

The severe shock of the explosion was felt here and for a distance of 60 miles in a circle about the village. Seventy men were working at the powder mills and parts of forty have been identified. A carload of coffins was shipped there from Terre Haute with the first relief train. The first train to return from the scene carried 53 terribly injured men. Some of them were employees of the powder works. Great loss of life was first reported from the Fontanet public school building, which collapsed, burying about 30 children, who had just assembled for their recitations. All of the children are known to have been injured, and some loss of life will result. No dead bodies have been taken out up to noon. Not a person in Fontanet escaped without injury or death. The first reports were that the wings in that vicinity were entombed by the cave-ins. Some of those reports have been verified, but no deaths are known to have occurred from this cause, many miners having other avenues of escape.

There were other minor injuries at Rosedale, Coal Bluff and Barnett. Buildings were shaken and chimneys fell. This city suffered some by cracking walls. Nothing of the immense powder mill could be found. A vast hole in the earth showed the scene of the explosion. A spectator from Coal Bluff who has just returned to that town for medicine and further relief, reports the scene one of horror. Badly injured mothers crowded around the school building, trying to find their children, and paying little attention to their own injuries. The arrival of the special train from Terre Haute came as a Godsend.

## CONDITION OF FRANCIS JOSEPH IS IMPROVED

Vienna, Oct. 15.—The day brought about a change for the better in the condition of Francis Joseph the aged emperor-king of Austria-Hungary. The doctors consider that the immediate danger has passed unless unforeseen complications arise, and as a result hopeful anticipation has come to the Viennese in place of tears and forebodings of the past three days. The patient rested easy and although he still suffered considerably from cough, the day on the whole was a good one. The fever has almost entirely disappeared and the spread of the inflammation has ceased.

## GERMANY HAS NO DESIRE TO ABSORB AUSTRIA

Berlin, Oct. 15.—Regarding the persistent report published in the English press that Germany desires to absorb Austria in the event of the death of Francis Joseph, it may be stated that the policy of Germany with reference to the internal affairs of Austria-Hungary has been declared to be one of entire aloofness. The foreign office some months ago sent a dispatch on this subject to Baron Speck von Streber, German ambassador at Washington for the information of President Roosevelt. The relations between Austria and Russia were reviewed in this communication historically, beginning with the negotiations in the old German confederation which were settled by the war of 1806 and it was nothing set forth how Prussia since then had maintained the leadership of Germany.

During a pistol duel with a burglar who had robbed a residence at Peoria, Ill., Ed Barrett, a policeman, was shot and killed.

## COLLEGE CRUM SAYS OSBORNE WAS MARRIED

Muskogee, I., Oct. 15.—M. Armstrong of Pittsburg, a Princeton graduate and close college companion of Arthur Herbert Osborne of New York, confirmed the report of the marriage of Mr. Osborne and Miss Helen Eugene Maloney, daughter of Martin Maloney, the oil millionaire. Armstrong says the marriage took place Dec. 28, 1907, in a notary's office at Mamaronock, N. Y., the couple going there from Miss Maloney's home at Spring Lake, N. J. Armstrong obtained the license, he says. Osborne gave his name as Herbert Osborne, and Miss Maloney gave her name as Helen Eugene, and they gave their home as Pittsburg. The couple kept their marriage a secret on account of their difference of religion.

## MORRIS WILL Admitted to Probate and the Pack- er's Estate is Estimated at Twenty Million Dollars.

Chicago, Oct. 15.—The will of the late Nelson Morris was filed for probate. The petition accompanying the will estimates the estate at not to exceed \$20,000,000. Of this amount more than \$18,000,000 is in personal property and the balance in real estate. The bulk of the estate is left in trust to the executors for the various members of his family. The sum of \$300,000 is to be paid immediately to Mrs. Morris and she will participate also in the income from the estate at large.

A. McCall of Columbus, O., has invented an automatic typewriter run by compressed air and capable, it is said, of writing from 5,000 to 10,000 words an hour for 24 hours at a stretch.

Rear Admiral Robley D. Evans denies the rumor that he is to retire at an early date.

# ELECTRO SILICON

Forty Years

For Cleaning and Polishing  
SILVERWARE  
Send address for a FREE SAMPLE,  
or 15 cents in stamps for a full box.  
THE ELECTRO SILICON CO., 30 CHURCH ST., NEW YORK.  
Grocers and Druggists sell it.

## LOANS FROM \$10 TO \$100

All loans are made on Household Goods, Horses, Pianos, or any good chattel security.

### OUR RATES ARE THE CHEAPEST

Weekly Payments on a Loan of	
\$10.00 is	\$.53
15.00 is	.85
25.00 is	1.00
35.00 is	1.10
45.00 is	1.40
55.00 is	1.70

Payments on any other amounts in same proportion. Costs you nothing unless loan is made. All transactions strictly confidential. If you owe several small bills and find that it is too much to pay them with your income, COME TO US and we will pay them for you and allow you to make the terms of repayment.

### New York Finance Co

14 1-2 North Second Street.  
Cit. Phone 698.

### J. R. FITZGIBBON, ATTORNEY-AT-LAW.

Prosecuting Attorney of Licking Co. Will practice in all the Courts. All business promptly and carefully attended to.

Trust Building, Newark, Ohio.

### Every Mother Knows This Remedy

Jayne's Carminative Balm has for four generations been recognized everywhere as the standard remedy for Dysentery, Diarrhea, Cholera Morbus, Cholera Infantum, Cramps, Colic, and all Summer Complaints.

### DR. D. JAYNE'S CARMINATIVE BALSAM

Is just as safe as it is effective. It stops pain immediately, and almost invariably brings about a speedy recovery. Its remarkable efficiency has made it a household necessity wherever there are children.

Sold by all druggists—per bottle, 25 cents.

Jayne's Tonic Vermifuge—a gentle and effective tonic for both adults and children. Splendid for overcoming the exhaustion consequent upon a severe attack of dysentery. A safe Worm Cure.

Most any soap will remove dirt. And some will even remove dirt without injury to the skin.

**CACTI SOAP** will do this and more. Its pure vegetable oil ingredients are extremely beneficial to the complexion. Ask your Grocer or Druggist. 10c. or 3 cakes for 25c.

## THE LAST WEEK

Of the Sale of the Y. M. C. A. Course Tickets—Seats Reserved Thursday.

Thursday afternoon at 4:30 is the date set for the reservation of the seats for the Y. M. C. A. Star entertainment course. This leaves just three days in which course tickets can be secured before the distribution of seats. There are about 100 seats yet to be sold and all who have not yet secured their tickets should do so at once. The committee in charge of the course has spared no pains in securing a course in which every number is guaranteed to please—including several men of national reputation and concert companies which have won first place for themselves on the concert platform.

Following is the list of attractions and dates:

Oct. 24, Concert Favorites.  
Nov. 22, Edmund Vance Cooke.  
Dec. 13, H. W. Sears.  
Jan. 21, John Temple Graves.  
Feb. 6, Ralph Parlette.  
Feb. 19, Chicago Glee Club.  
March 24, Herbert Leon Cope.  
April 20, Apollo Quintette and Bell Ringers.

The committee desires to announce that the annoyances last year in regard to the reserving of seats has been very carefully guarded against and every provision made for the distribution of seats that will be satisfactory to all. The plan of previous years has been adopted, which seems to be the most satisfactory to all, in that it gives everyone an equal chance.

The two prices of the course tickets, namely \$1.50 and \$1.00, assure a good seat to those buying a \$1.50 ticket. The plan is:

At holding a \$1.50 ticket shall meet at Taylor hall at 4:30 on the afternoon at Oct. 17. Numbers will be distributed by lot, which designates what position in the line each one should have. Each person is privileged to select the seats he prefers no person being allowed to reserve more than four seats. This plan gives all an equal chance, and we trust will receive the endorsement and co-operation of the friends of the course. There are something over 100 seats to be sold. It is hoped that every friend of the Y. M. C. A. and all who are interested in clean, wholesome entertainment for the city will plan to do their part in encouraging the course by buying tickets. The high quality of the attractions and the low price of the course make it necessary that the entire seating capacity of the house be sold out. It will be a great accommodation if all having ordered or contemplated buying tickets will call at the association early and secure their tickets. The committee guarantees this to be a strong course and one in which every number will please. The price has been set very low. It is up to the good people of Newark now to see whether this course shall be continued.

## PUPILS STRIKE

Because Their Pretty Teacher Was Charged With Flirting and Discharged.

Chicago Oct. 15.—Because Miss Olive Hurlbut one of the teachers of the Barrington High school has been asked to resign, 65 of the pupils have gone on a strike and insist that their pretty teacher must be taken back before they will return to their classes.

Jealousy is said to be at the bottom of the trouble, but it is said Miss Hurlbut's resignation is asked because she flirted with some of the larger boys in the school. This she denies. All the boys and girls deny it too.

Members of the school board pressed for an explanation, merely say she did not keep her room in order. The pupils say they will hold out until Miss Hurlbut is given her place back again.

## HEROIC

Must Be the Dentist Who Attempts to Treat a Chinese Leper's Tooth.

Harrisburg, Pa., Oct. 15.—Here is a good chance for some heroic dentist. Mock Sem, the Chinese leper under guard here, is in need of his services. Mock has an aching tooth which has been bothering him for several days. His guards have been feeding him toothache drops, but they have failed to stop his pain, and there is small hope for permanent relief until some dentist treats him. So far none has appeared to take the case. Mock is accustomed to eat 10 or 12 meals a day and the dread tooth is interfering sadly with this, his one pleasure.

Plague at Frisco. San Francisco, Oct. 15.—Bubonic plague totals to date, as posted in the office of the board of health, are as follows: Verified cases, 68; deaths, 40; death rate, 58.8 per cent; recoveries, 11; remaining under treatment, 17; suspects under observation, 26.

Read the Advocate Want Column.

# KERLIN CASE BEFORE COURT WILL BE DECIDED FRIDAY

Circuit Judges Met and Heard Several Cases—Judge McCarty Has Resigned His Position as a Member of This Tribunal—General Court News.

Circuit court convened in this city this morning, with Judge M. H. Donahue of New Lexington, and Judge Frank Taggart of Wooster, on the bench. Judge T. T. McCarty of Canton, is absent on account of illness.

The court will probably remain in session the balance of the week and the cases are being assigned at the first day's sitting. They will be taken up in regular order of assignment.

In the cases of George Kerlin vs. State of Ohio, and George Collins vs. same, being proceedings in error brought to reverse the judgments of conviction in the common pleas court for manslaughter, the court stated that the result in the two cases would be announced Friday morning. Smythe and Smythe; Fitzgibbon.

One of the plaintiffs in error is in Philadelphia and the other in Denver. They will be here at the time the court renders its decision.

John B. Woolson vs. Mary A. Davis, judgment of dismissal, the matter involved having been settled. Stasel, Follett and Follett; Flory and Flory.

Sarah E. Buckland vs. Col. Gas Co., reported to be in process of settlement and passed. Sabaugh, Jones and Jones; Kibler and Montgomery. A. J. Wilson, administrator, etc.,

## CUSTOM HOUSE HOLDS TROSSAU

San Francisco, Oct. 15.—The 13 trunks of Mrs. Henry Butters of Piedmont, containing in part the trossau of Miss Marie Butters, who is soon to marry Victor H. Metcalf, Jr., son of the secretary of the navy, are being held by Collector Stratton until adjustment of the duties is made. When Mrs. Butters reached New York from Paris last week she made a declaration that she was a non-resident and was permitted to enter her trunks in bonds. Subsequently she made a declaration that convinced the collector she was not a non-resident, so he notified Collector Stratton to take possession of the trunks upon their arrival here.

Stocks Recover. New York, Oct. 15.—The recovery in stocks Monday, after the spasmodic decline just at the opening, brought a feeling of relief to general anxiety in the financial district, which reached a stage of acute alarm in brokers' offices, where the course of events of Saturday, if continued, would run rapidly into disaster. The strain on the opening market was severe as it was, Saturday's decline having had the usual after effects in the augmented volume of selling from holders, either discouraged by the fall or forced to retire by withdrawal of credits and demands for additional margins from disturbed brokers.

English Spies Captured. Berlin, Oct. 15.—A correspondent at Eiden telegraphs that according to a dispatch received from Borkum, a spying yacht with English naval officers on board has been captured by two Wilhelmshaven torpedo boats. The officers are suspected of having taken soundings and made photographs in forbidden waters.

Anti-Military Agitation. Paris, Oct. 15.—Gustave Herve, the anti-military agitator, will be arrested for having published articles in the Social War, inciting French soldiers to mutiny. He acknowledged the authorship of the articles in question, but declined to make any explanation until he appeared before the assize court.

## Tonsiline Cures Sore Throat

The throat is one of the most delicate parts of the body. It is also one of the most important, and should be given the best possible care.

The throat is the gateway to the body. The air we breathe, the food we eat, the liquids we drink, all pass through it. It is very easily affected by cold, strain, exposure, etc., and Sore Throat is therefore one of our most common ailments. Strangely enough, it is also one of the most neglected.

Sore Throat is a very serious matter, for the whole system is in danger in consequence of it.

Every Sore Throat patient is a candidate for Tonsiline, Quinsy, Diphtheria and other serious or fatal diseases, all of which can positively be prevented by the timely cure of the Sore Throat by the use of TONSILINE.

If taken in time a dose or two will do it. TONSILINE is made to cure throat diseases and nothing else. It is the one remedy for this purpose sold largely in the United States. Every user endorses it; every physician, knowing its virtues, commends it.

The one most important thing to remember about TONSILINE is the fact that it really does cure Sore Throat.

All druggists, 25c and 50c bottles. The Tonsiline Co. Canton, Ohio.

vs. Margaret A. Hill et al. In this case the two judges at a former trial divided in their opinion. The trial of the case will now await hearing to three judges. Rees; Kibler and Montgomery, Forry.

John A. Roebbing Sons Co. vs. Catherine Snider et al. Posed; the matter involved in the controversy now being pending in the supreme court. Stasel; Flory and Flory, Kibler and Montgomery.

The case of Wm. J. Shields Sr., et al. vs. Daniel E. Jones. Argued and submitted Suit was brought upon a promissory note for \$1150, resulting in a judgment in the common pleas court for Jones. Shields asks a reversal of the judgment on the ground that the verdict is not supported by the evidence and error of law. J. H. Jones; Kibler and Montgomery.

The N. and G. St. Ry. Co. vs. F. M. Black, for hearing Wednesday afternoon Miller & Wright; Black, Kibler & Montgomery.

Stacey B. Perry, et al. vs. Lida H. Miller, for hearing Wednesday morning. Jones & Jones; Kibler & Montgomery.

C. N. and Z. Ry. Co. vs. Martha Wilson; for hearing Wednesday afternoon Fitzgibbon, Pomerene and Pomerene.

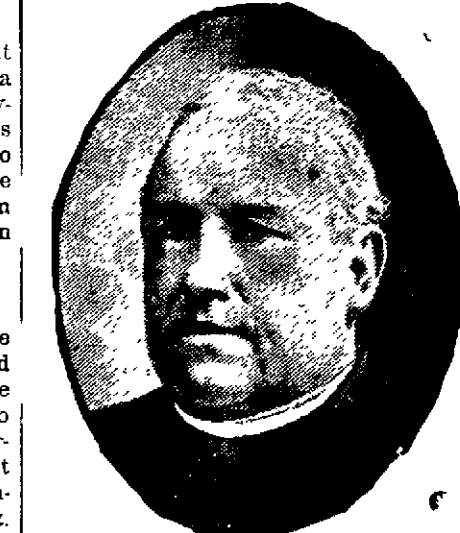

Village of Granville, O., vs. Granville Nat. Gas Co., for hearing on demurrer to petition Wednesday. Davies; Winn.

## CRUSADE MADE AGAINST COCAINE

New York, Oct. 15.—Severe punishment for druggists who sell cocaine is advocated by Dr. Darlington, head of the city health department, and as a result of his efforts a druggist convicted of making a sale of the poison was sentenced to six months' imprisonment in the penitentiary. For several years past the use of the drug has been growing, especially in the densely populated sections on the west side of the city. Recently several reform organizations and ministers organized a crusade against the open selling of cocaine.

Another Raid on Customs House. Tangier, Oct. 15.—The customs house at Mazagan was subjected to a second raid by Mulai Hafid's men and 1,040 rifles were seized. A new administrator for the customs house at Mazagan appointed by Mulai Hafid arrived there Oct. 11, and took the place of Ben Sliman, who had made his escape. He is a Fez man named Ghali Sibe, who formerly was a merchant in Morocco City. Further letters received from Mazagan brings news which tends to show that Mulai Hafid, the sultan of the South is gaining strength.

## FATHER JOHN'S MEDICINE

Cures Colds and all Throat and Lung Troubles, or Money Back. 50 YEARS IN USE

By Rev. Father Hickey, St. Mary's Church Foxboro, Mass.

"I have taken Father John's Medicine with most gratifying results. "It has my endorsement in any way from bronchial or lung trouble. As a body builder, I have not heard of or seen its equal."

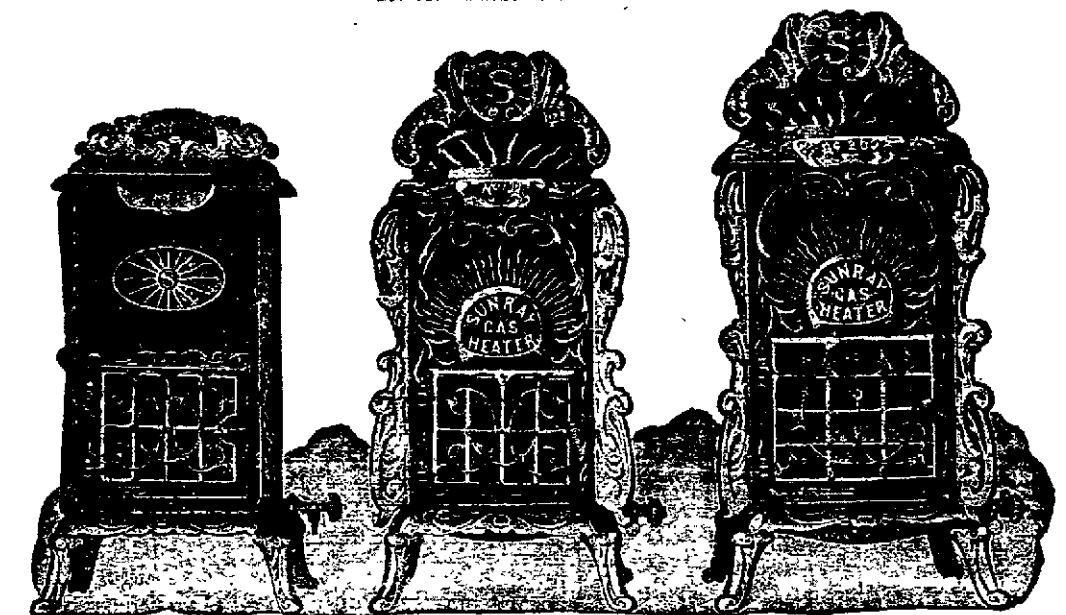

Swallowed Ladanum. Arkansas City, Kan., Oct. 15.—A. D. Davidson, an oil contractor, well known in the southwest, was found dead in his room in a local hotel. He had swallowed ladanum with suicidal intent and left a note saying he was in financial straits, and he believed his mind was failing. Davidson was 36 years old and left a family.

# Sunray Gas Heaters

THE GUARANTEED ODORLESS, NON-SWEATING AND THE MOST ECONOMICAL GAS HEATER OF THE AGE.

SUNRAYS are cemented in every joint and are air tight, therefore will never leak offensive odors, fumes or sweat into the room. SUNRAYS Combustion Chamber is solid cast iron; no steel parts come in contact with the fire. SUNRAYS have the greatest hot air circulating capacity of any stove made. SUNRAYS have the Shepards Crook mixing chamber in all burners, and adjustable mixer. SUNRAYS have needle valves and changeable gas inlets, so they can be adjusted to any gas without trouble. SUNRAYS will not make a dirty, black spot on the ceiling. They send the hot air out into the room, where it is needed to do the most good. SUNRAYS warm the floor and the corners of the room by taking the cold air from the floor and heating it, then circulating it to the corners. READ THE GUARANTEE.

## The Sunray Principle is Correct

It needs but a little study of the sectional cut here shown to satisfy you that this heater contains the three essential features to make a perfect gas heater.

FIRST—Combustion. It has a system of goose neck burners with adjustable air mixers that mix the air and gas properly, and then the combustion takes place in a basket of the finest porous clay gas fuel, which becomes intensely hot and a current of fresh air is passed through the hot mass, and thus a large amount of the oxygen of the air is consumed, producing a very hot fire, using the smallest possible per cent of gas.

SECOND—Radiation. The entire outside body of the Sunray is active radiating surface, and as shown in cut, we add a number of circulating tubes directly over the fire in the hottest part of the stove, thus adding a large amount of radiating surface in close contact to the fire, the heat is then obliged to pass across and around the tubes five times before reaching the flue, thus it will be seen that the air in the circulating chamber over and back of the fire chamber and in the tubes becomes very hot and then rises in a current of hot air in the room, at the same time drawing the cold air from the floor up under the stove into the heating chamber.

THIRD—Proper Vent. In order to dispose of the fumes and sweat that is in all natural gas, we pass the products of combustion across and around the tubes, thus retarding them until the heat is all absorbed, and they pass into the chimney just hot enough, to prevent condensation in the pipes, and no fumes or sweat can get into the room, and the air is kept pure, sweet and dry, AND WE GIVE A POSITIVE GUARANTEE THAT THEY WILL NOT SWEAT.

## FAST TRAIN

DEMOLISHED AN AUTOMOBILE, AND FOUR WERE INSTANTLY KILLED.

Run Down at Crossing Where Accident Occurred—Woman's Injuries Prove Fatal.

Pottstown, Pa., Oct. 15.—As the result of a grade crossing automobile accident on the Philadelphia and Reading railway here four persons were killed and one probably fatally injured. The automobile, which was run down on the crossing by a Pottsville express, contained a party of five persons from Kimberton, Chester county, Pa. The dead are: Jacob Reese, 55; Mrs. Jacob Reese, 48; Mrs. Anthony W. Emery, Jr., 42; Belva Emery, one year, child of Mrs. Emery. Anthony W. Emerson, Jr., owner and driver of the automobile, was the only one of the party to escape death, and his thigh was broken and he received internal injuries in the accident. The party was on their way home from a shopping tour in this city when the accident occurred.

Injuries Prove Fatal. Grand Rapids, Mich., Oct. 15.—Miss Mary Miller, who was crushed when the automobile of George Wilkinson, a local lumberman, turned turtle on the Grandville road, is dead of her injuries. Mrs. Anna Groner and Mrs. Louis Rossiter, who were also in the machine, are in a serious condition. Mrs. Carrie Nation denounces the Washington police as "a lot of beer casks and demijohns."

The army of American tourists in England, last season, is estimated at 100,000.

## Saw Bears.

Stamboul, La., Oct. 15.—Secretary Latta and Messrs. Parker, Shields and W. W. Mangum arrived from the president's camp. They brought only the report that the president and his remaining companions had made an early start and that they were in high spirits and very hopeful of better fortune than has yet attended the hunt. Several members of the party have seen bears at the lake and bear tracks are reported to be numerous.

The absorbing capacity of a brick is about sixteen ounces of water.

## DR. JAMES HEAD-ACHE POWDERS

CURE They soothe, heal and restore.

A Great Nerve Balm It Cures Headaches, Neuralgia and All Kindred Affections by Removing the Cause.

When the nerves become swollen and irritated they naturally pain and ache; these pains and aches are called Headaches, Neuralgia, Lumbago, Sciatic Rheumatism, Etc. DR. JAMES' HEADACHE REMEDY cures this condition by healing and curing the irritated and swollen nerves; when this is done the trouble disappears at once. Heretofore, there seems to have been nothing that would cure this disease and prevent its return. In other words, they were only able to give temporary relief, while this great remedy feeds and strengthens the weakened nerves and restores them to perfect health and activity.

They give immediate relief and will effect a permanent cure.

## Goes to Topeka.

Rev. E. Bruce Kinney, formerly of Granville, has removed from Salt Lake City to Topeka, Kas. Mr. Kinney has been promoted to the district secretaryship of the American Baptist Home Mission society.

## Good News From Mr. Woolson.

Mr. Frank A. Woolson, who was obliged to discontinue work in this city several months ago, owing to poor health, is improving nicely. A letter from Mt. Vernon says he has gained 15 pounds since leaving Newark, and is now heavier than he has been for years.

## Tracing Large Casting.

The Columbus Gas and Fuel company is now tracing an 18-ton casting erected on the pipe line north of Johnston, which was shipped to a point in Kansas. The 35-ton casting which was shipped some time ago has been delivered on the ground and as soon as the other casting is found and delivered the pumping station will be completed.

## Storebox Philosophy.

"I tell you what's the matter," said a storebox philosopher, "with conditions and prices of meat and nearly all food products. Too darned many fellers are leaving the farms to hang on to poor paying jobs in town for their eyelashes. There are not enough people staying in the country plowing, sowing and planting, raising cattle, hogs and fowls, and making butter and supplying other things for the people in town. That's what's the matter, and you can't convince me that it's anything else."

## Change of Meeting Night.

The regular meeting night of the Brotherhood of American Yeomen has been changed from the first and

third Wednesday nights of the month to the second and fourth Monday nights of the month. The next regular meeting will be held on Monday night, Oct. 23.

## Notice.

Newark Lodge, No. 13, will hold a special meeting tonight at 7:30. Important. 1t

## A Daughter.

Born, to Mr. and Mrs. Fred Fuller, 200 Wilson street, a ten pound baby girl.

## Grocers Assign.

W. H. Fairall & Co., grocers, made an assignment to R. O. Martin, deputy auditor.

## Drug Stores to Close.

All drug stores will close in the evening during the winter months, excepting Tuesday evening, at 8:30, beginning Tuesday evening, Oct. 15.

## Advocate Did It.

A small "lost" ad was inserted in the Advocate Monday evening regarding a necklace that was lost. On Tuesday the article was returned to the owner, Mrs. W. E. Foley.

## Little Child Sealed.

Mary, the little daughter of Mr. and Mrs. Joseph Brownfield, of near Flatow, was severely burned Tuesday morning by spilling boiling water on herself. The affected parts are the chin, breast and arms. She is under the medical care of Dr. H. B. Anderson.

## Affidavit Withdrawn.

The police court curtain has finally been rung down on the Steve Bartock case. Bartock has been held for some time, charged with cutting with intent to kill Joe Zavataskaj. This morning the affidavit charging Bartock with the crime was withdrawn by Zavataskaj, who is under the impression that Bartock is not the guilty one.

Star Brand Shoes are better. Stearns' Department Store. 11-5

## ECZEMA.

## NEWARK NEWS 25 YEARS AGO

OCTOBER 15.  
Charlotte Thompson, heralded as America's greatest actress, appeared in the Opera House for the benefit of the Newark Corner Band.  
A side show enroute to Somerset passed through the city over the B. and O.  
There will be a large crop of chestnuts.

Work on the new steam flour mill between Second and Third streets on the canal is progressing rapidly.  
Hon. J. L. Tyler was among the many callers at the Advocate office.  
Lieut. Jos. Griffin, who was arrested by Policeman John MacMahon for assault with intent to kill, had his hearing and was bound over in the sum of \$300.

## DEATHS AND FUNERALS

## MISS MINNIE MCCURDY.

Mrs. Le Mar Armstrong and sister, Bessie Shuckhart, were called to Dresden Sunday night by the sudden death of their cousin, Minnie McCurdy, granddaughter of the late Dr. A. W. Chase.

Death took place Sunday noon, the funeral being held at the home of her uncle, Mr. J. E. Featherstone, on Tuesday afternoon. Interment was made in Dresden cemetery.

The deceased was a very bright and intelligent young lady, having graduated from Dresden High school and has many friends in Newark.

## DEATH OF A CHILD.

Johnston, Oct. 15.—Walter Ador's little six-year-old son and his only child, who died on Sunday yesterday, a month's illness, was buried after a funeral.

## JAMES TANNER'S FUNERAL.

The remains of James Tanner, the man who was killed at the oakwood crossing of the Panhandle yesterday, will be taken to Dillon Falls for burial. The funeral will take place Wednesday morning at 9:30 o'clock in the Finley chapel.

## CATARRH CANNOT BE CURED

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It is prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials. FREE. F. J. CHENEY & CO., Props., Toledo, Ohio.

Sold by Druggists. Price 50c. Take Hall's Family Pills for constipation.

Shorthorn Cattle.

Durham Valley Stock Farm, to be held at Licking County Fair Grounds, Newark, Ohio, Wednesday, Oct. 19, 1907, at 1 o'clock p. m.

The offering to consist of 40 head of Short Horn cattle. Send for catalogue. John Montgomery & Son, Granville, Ohio. 9-6152-swt

CORN IS STILL KING.

Corn is still king in Licking county. Contrary to the apprehension that existed earlier in the season that this one of the banner corn producing counties of Central Ohio, would not make the usual good showing, most of the farmers express satisfaction with the result. The corn is about all cut, and no complaints as to shortage are heard. In some localities the crop will be short, but taken on

## ANDREW H. PIERSON.

The death of Andrew H. Pierson, noted on the first page of this paper, removes another of the substantial and well known men of Newark. The year 1907 has been marked by the death of a large number of prominent residents of the city, but in no case has a more sincere regret been shown than in the present instance.

Of his standing in the commercial life of the city, of his courtesy and of his life-long integrity, comment need not be made here.

Gifted with sound judgment, high ideals, a quick intuition, absolute probity, a conscience as pure as a child's, a sympathy that embraced every living creature and an unwarmed industry in spite of affliction, Mr. Pierson has left behind him a monument which all can see and remember, but in the hearts of his associates in the Advocate office he has left a void that nothing can fill.

## SUMMIT STATION.

Mr. G. W. Todd, who suffered a stroke of paralysis at the home of his daughter, Mrs. Frank Beals, is very ill and very little hope is held of his recovery.

Mr. Harry Layton, who has been quite ill, is improving.

Misses Virginia and Winnie Sutton of Midway, O., who have been the guests of Miss Nevada Griffith of this place, returned home Friday evening.

Mrs. Lucy VanKirk of Outville, assisted by Mrs. Smith of Columbus, organized a W. C. T. U. in the M. E. church at this place on Saturday afternoon. The following officers were

## Oct. 15 In History.

1608—Evangelista Torricelli, inventor of the barometer, born in Italy; died 1647.  
1817—Thaddeus Kosciuszko, Polish patriot, died in Solothurn, Switzerland; born 1778. Kosciuszko was born of a noble family in Lithuania. He was educated to the profession of arms at Versailles and entered the service of the American colonies as military engineer. His genius planned the line at Bemis Heights, Saratoga, where the patriots won a decisive victory, and also the fortifications at West Point. At the close of the Revolution he returned to Poland and fought bravely, but in vain, to preserve the liberties of his native land.  
1838—Letitia Elizabeth (Landon) Maclean, wife of the governor of South Africa and famous in literature under the name "L. E. L.," died at Cape Coast Castle, born in London in 1784.  
1859—Laurence Gronlund, social economist and author, died in New York city; born 1840.  
1905—Rear Admiral Thomas Oliver Selfridge, U. S. N. retired, the oldest naval officer of his rank in the world, died at Waverly, Mass.; born 1821.  
1906—Sigurd, Sweden's great humorist, sometimes called the Dickens of Sweden, died at Stockholm.

elected: President, Mrs. Everet Beem; vice presidents, Mrs. I. N. Milburn and Mrs. J. D. Halcomb; and Mrs. Marion Corresponding secretary; Miss Jennie Nicodemus; recording secretary, Mrs. Ella Connell, treasurer. The society has 16 members and the first meeting will be held at the home of the president, Mrs. E. Beem.

William Looker and family of Columbus spent Sunday with M. G. Looker and mother on Mink street. A fire escape has been placed on the new school house.

The board of education has hired Mr. William Cashdollar as janitor. Mr. John Patterson of Wisconsin, spent a short time with his sister, Mrs. James Layton, on Broadway.

## DETECTIVES

Of Standard Oil Company Secured Reports Concerning Its Rivals' Business Secrets.

New York, Oct. 13.—Hampden G. Westcott, vice president of the Standard Oil company of Kentucky, testified in the hearing of the federal suit against the oil combine that in several of the southern states the Standard had found it expedient to sell much of its products through companies which the public believed to be independent. Mr. Westcott threw a sidelight on business department of the Standard concerning which the federal counsel has been seeking information since the beginning of the inquiry. Mr. Westcott testified that each month the main office of the Standard Oil company of Kentucky, at Covington, sent him not only the reports of the business operations of the Standard, but statements concerning freight shipments and sale of oil by all competitors. These statements, according to Mr. Westcott, gave the name of the consignor, the consignee, the amount of oil shipped and any information that might be available. Mr. Westcott said that after examining these statements he filed them with the statistical department in the Standard's office in this city. This, Mr. Westcott said, was in charge of W. E. Bemis, who kept compilations and records of the business of both the Standard and its competitors.

## SHAKE IT OFF.

Did Yourself of Unnecessary Burdens—A Newark Citizen Shows You How.

Don't bear unnecessary burdens. Burdens of a bad back are unnecessary.

Get rid of them. Doan's Kidney Pills cure bad backs.

Cure lame, weak and aching backs.

Cure every form of kidney ills. Lots of local endorsement to prove this.

E. S. Cramer, proprietor of a livery and boarding stable at 59 West Main street, and living at 95 Eddy street, Newark, O., says:

"I endured backache for a long time before I knew that it originated from the kidneys. I felt well in every way but my back was a continual misery to me. There was dull aching in the loins, extending around to the left side. If I remained in one position for any length of time and then attempted to move quickly, sharp, shooting pains would strike me, some times in one place and sometimes in another. I tried liniments and used several remedies with no effect. Hearing at length of Doan's Kidney Pills I got a box at Grayton's drug store. It is really remarkable how quickly I found relief. The remedy seemed to attack the cause of my trouble and in time it so eradicated every sign and symptom of it that for the 18 months since I used Doan's Kidney Pills I have had no return of my trouble."

For sale by all dealers. Price 50 cents. Foster-Milbun Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Star Brand Shoes are better. Stephan's Department Store. 14-5

The British and Foreign Bible Society has now printed either the whole or part of the Bible in 409 different languages or dialects.

The street car companies of Chicago, St. Louis, Cleveland and Buffalo have ordered cars of the Montreal "pay as you enter" type.

## FIVE MURDERERS WANT CLEMENCY

TWO UNDER DEATH SENTENCE MAY BE GRANTED A RESPITE.

Bold Attempt Made to Kidnap a Columbus Girl—General News of the Buckeye State.

Columbus, O., Oct. 15.—Five men now in the penitentiary as the result of convictions on first degree murder charges will be among the 35 penitentiary inmates to have their cases presented to the state board of pardons when it meets Thursday, after a long summer vacation. Royal Fowler of Dayton and Albert Davis of Springfield, two of the first degree men, have been sentenced to be electrocuted, and the dates are within 10 days. Fowler's time is after midnight on Thursday, the day the pardon board meets, Davis' date is the following Friday morning. It is expected that Fowler will be granted a stay of execution.

It was expected that to allow his case to be presented to the pardon board and decided, after a chance for its full consideration, Governor Harris would grant Fowler a stay of execution of one week. That would mean a double execution. Warden O. B. Gould of the penitentiary has before asked that execution days be changed to avoid legal killing of two men on one day, and to respect his wishes Fowler probably will be given two weeks. William Horner, Steubenville; Frank Zuber, Defiance county, and Joseph Parker, Dayton, are the other first degree men to ask for mercy. All are serving life sentences.

Girl Seized on Street; Her Story.

Columbus, O., Oct. 15.—An attempt was made to kidnap May Salak, 18, who is employed at the girl's detention home. The girl had been sent on an errand when she was seized on the street by an unknown man and a woman, whom she claimed to be an elder sister, Louise Salak. She was forced into a carriage and driven to the union station, where she escaped from her captors. The girl sought the protection of a policeman, but the would-be kidnapers made their escape. May Salak formerly lived in Toledo, and she told the police her sister had confessed to her that she and a man companion were responsible for the death of a man named Bauer, who was killed in a wine room at Toledo, a year ago last spring. The girl says she is the only one besides her sister who knows of the crime, and that she believes her sister sought to kidnap her because of a fear that she might tell the police.

Flights of Wright Airship.

Dayton, O., Oct. 15.—A message from Orville and Wilbur Wright, inventors of the Wright airship, which has been taken to Europe for demonstration purposes, states that they are making favorable progress in presenting the merits of their flyer to a foreign government. However, the exclusive right will not be granted to any government, and if the United States desires to take the flyer it will have the opportunity. At the last demonstration made secretly, the airship made 29 circuits of a large field and was under perfect control of the Wright brothers. They covered 24 miles in 38 minutes.

Bryan Boy Believed Insane.

Denver, Oct. 15.—Kemp Bigelow, the young clerk formerly of Bryan, O., who a week ago sent dynamite packages through the mails to Governor Buchtel and other prominent citizens, was arraigned before United States Commissioner Hinsdale, for a preliminary hearing on the charge of using the mails to defraud. A postponement was granted at the request of United States Attorney Cranston. A. L. Bigelow, father of Kemp, accompanied him to court, and after a long talk with his son expressed the opinion that he was insane.

Dunlap Sick.

Columbus, O., Oct. 15.—Renick W. Dunlap, state dairy and food commissioner, is at home with a high fever and general breakdown, which is thought to be an attack of grip. Though feeling badly last week, he remained at his desk, and until his physicians ordered him to go to bed. Commissioner Dunlap was planning to leave for Chicago to attend the big corn products convention.

The Negro and Immigrant.

Cleveland, O., Oct. 15.—The raising to a higher state in the Christian world not only the negro race, but the hosts of foreigners who become American citizens each year formed the principal topic of discussion before the American Missionary association at the sessions of the triennial council of the Congregational church here. The notable addresses were delivered by Justice David J. Brewer, on the importance of the American missionary work to the nation; by Bishop C. B. Galloway of Mississippi on the Christian education of the negro, and by former Governor W. J. Northern of Georgia.

Suit Withdrawn.

Hamilton, O., Oct. 15.—The \$10,500 damage suit of Mrs. Catherine Skillman of Middletown against the Ohio Fuel and Supply company of Columbus and the Middletown Gas and Electric Light company of Middletown was withdrawn. The case was settled outside of court. The woman sued for

## VERY SIMPLE TEST

To Find if the Kidneys Are Inactive and How to Cure Them At Home.

A well known authority states that there are more cases of kidney trouble here now than ever before, while recent reports show that more people succumb each year to some form of kidney disease than any other cause.

When there is sickness, examine the urine. Rheumatism is only a symptom of kidney trouble. It is nothing more or less than excessive uric acid in the blood, which the sluggish, inactive kidneys have failed to sift out, leaving it to decompose and settle about the joints and muscles, causing intense suffering; frequently resulting in deformity; often reaching the heart when death ensues.

Pains across the back, frequent, painful and suppressed urination and other symptoms of weak bladder are not the only signs of kidney trouble; many cases of stomach disease, headache, pain in the heart, inactive liver, etc., are but symptoms, the cause of which can be traced to feeble, clogged kidneys.

The physicians for the insurance companies always carefully examine and report on the condition of the urine. It is a certain sign of sickness or health of the human body.

A test of the urine should be made by every man and woman at least once each year. A simple test is to void a small quantity of urine in a bottle or glass and let it stand over night; next morning if there is a reddish brick-dust sediment, or white fleecy substance present, either consult some reputable physician or take a good vegetable treatment. The following prescription is recommended highly in these cases, and if desirable the sufferer can mix it at home. Any good prescription pharmacy has the ingredients, which are harmless and inexpensive: Compound Kargon, one ounce; Fluid Extract Dandelion, one half ounce; Compound Syrup Sarsaparilla, three ounces. Shake well and use in teaspoonful doses after each meal and at bedtime. Where any of the symptoms enumerated above are present, good results are sure to follow immediately the use of this simple prescription.

damages for injuries sustained in a gas explosion.

Murder Suspect.

Cincinnati, O., Oct. 15.—Frank Cavillere, colored, was arrested on suspicion of being implicated in the slaying of H. B. Howard, a Hartwell coal agent. The arrest followed information that the man had been seen in the company of William Grey, a negro convict, who was arrested on suspicion of being concerned in the murder.

Work of Flames.

Cincinnati, Oct. 14.—The five-story brick building occupied by W. H. Stange & Co., stationers, at the northeast corner of Pearl and Walnut, was destroyed by fire. Loss \$75,000, partly insured.

Born in Marion.

Indianapolis, Ind., Oct. 15.—A Randall, editor of the Western Horseman, is dead. He was born at Marion, O.

With the highwaymen recently captured near Joazevats, Serbia, after four hours' hard fighting, was a girl of 17, who had followed her outlawed lover and shared his adventures.

**COUGHS, COLDS**

## DOLLAR WHEAT

IS A REALITY IN THIS CITY FOR THE FIRST TIME IN SEVERAL YEARS.

Farmers in This Vicinity Have Stored Their Wheat and Activity is Expected Soon.

Tenney & Morgan and W. E. Wiemer, the local grain dealers, are now paying the farmers of this vicinity \$1 per bushel for wheat. The price jumped from 95 cents to the dollar mark Monday.

The last time wheat reached a dollar was in April of 1904. It remained at that figure for only a few days and then dropped a number of points. The new crop of 1905 started in at 70 cents, as did the crop of 1906. The local dealers paid 75 cents for the first new wheat this summer, and the price has steadily advanced until it reached \$1.

An Advocate representative called on Messrs. Tenney & Morgan and Mr. Wiemer Tuesday morning, and was informed that the advance was bringing but little more wheat than usual into the market. However, the gentlemen looked for quite a little to be moved within the next few days.

Regarding the advance and the effect it will have on local conditions, the dealers stated that this matter would be governed by the length of time that wheat remained at or above the dollar mark. The local market, we all know, is controlled by the Eastern market, and it in turn by the foreign demand. The Argentine crop is harvested in December, and marketed in January. It is said to be in splendid condition and heavier than usual. Reports state that the drought has been broken in India and that a great deal of the grain is being moved from Russia, while the receipts at Winnipeg are very liberal.

The farmers in this vicinity, generally, have held their wheat, and their far-sightedness will now be rewarded.

The consumer and wage earner, as usual, will have to help pay for the farmers' good fortune, for bread-stuff has advanced, and although flour has not raised since Sept. 23, yet if wheat continues to soar we can expect several raises. Flour commanded \$4.10 in the local market July 1. It is now bringing \$4.70. These are wholesale prices.

## PILES! PILES! PILES!

Williams' Indian Pile Ointment will cure Blind, Bleeding and Itching Piles. It absorbs the tumors, allays itching at once, acts as a poultice, gives instant relief. Williams' Indian Pile Ointment is prepared for Piles and itching of the private parts. Sold by R. W. Smith, Newark. 50 cents.

Forgery the Charge.

New York, Oct. 15.—Lieutenant Allan Leaford of the United States army, who was arrested on a forgery charge, was turned over to the federal authorities and arraigned before the United States commissioner, who held him in \$5,000 bail. Leaford is accused of having obtained loans from loan brokers in Wheeling, W. Va., on notes to which the names of several army officers, it is claimed, were forged.

Witness Dies in Court.

Fitzgerald, Ga., Oct. 15.—While the case of the state against a man named Hall for burglary was on trial here in Judge Whipple's court the prosecuting witness, James Green, was stricken with apoplexy, and fell from his chair, dying almost instantly.

Elections Postponed.

Lisbon, Oct. 15.—King Charles signed a decree postponing the municipal elections throughout Portugal until after the application of the new reformed administrative code.

Don't jump at conclusions unless you are in training.

# WE MAKE A SPECIALTY OF COMPLETE HOUSE FURNISHING...

FROM the very beginning of THE POWERS-MILLER STORE our one aim has been to provide a place where the people of moderate means could buy to just as good advantage as the one who is able to purchase the finest of fur-

nishings. While the large furnishing and decorating contracts are a component part of this business—and ever will be for that matter, as we are perhaps the best equipped in this part of the state to handle this business in the most approved manner. We realize that the people whose friendship we want are those who live in moderate circumstances; because that friendship will stand by us for all time to come, and be a lasting advertisement of fair treatment afforded everyone who desire to make this store their headquarters for anything they need for the home.

The variety of styles it is possible to get from our immense stock in KITCHEN FURNITURE, DINING-ROOM FURNITURE, BEDROOM FURNITURE, and PARLOR FURNITURE is almost unlimited.

Then there is the ever-artistic possibilities of the DRAPERY MAN. He has had years of experience in figuring out original decorative schemes suitable for use with different styles of FURNITURE, and can give you some valuable suggestions when you want draperies possessing individuality.

The CARPET AND RUG DEPARTMENT is not to be overlooked in this connection. In this display of Floor Coverings are included the latest and best patterns of carpeting in such variety that practically any taste or decorative scheme can be suited. RUGS in CARPET SIZES are shown in profusion.

Come and let us give you an idea how easy it is to buy furnishings from stocks as comprehensive as ours. It will be a pleasure to show you about the store at any time.

NOT AN INSTALLMENT HOUSE—Yet it often happens that people need articles of Furniture and Household Goods and cannot conveniently pay for them at once. To those we wish to say that while our store is conducted on a cash basis yet to people worthy of credit we can accommodate you and at a considerable saving, too.

## NEWS OF TOWNS NEAR NEWARK

### TO IMPROVE PIKE.

Zanesville, Oct. 15.—County Commissioner Edward Ellis announces that next Saturday afternoon at 1 o'clock a meeting of citizens residing along the National road will be held at the convention room of the court house for the purpose of perfecting an organization looking to the thorough improvement of the road. It is the intention to form an association looking to this end and to petition congress for an appropriation.

### CHAPPELEAR FOR MAYOR.

New Lexington, Oct. 15.—The Democrats here have nominated C. C. Chappelaar for mayor, J. W. Holden for marshal, F. S. Noon for clerk.

### CHILD BURNED TO DEATH.

Zanesville, Oct. 15.—Ruby, the 3-year-old daughter of George Birkheimer of Linden avenue, died yesterday afternoon, her clothing having caught fire during the morning.

### FELL 35 FEET.

Coshocton, Oct. 15.—Wade Fisher, 24, son of J. R. Fisher, fell 35 feet while at work for the Panhandle company near Pittsburgh. He was

burned by a live wire falling. He has been brought home for treatment.

### NECK BROKEN.

Brandon, O., Oct. 15.—Lewis D. Hallaged 19 years, was instantly killed Sunday morning at 10:10 o'clock on the C. L. Wright farm in Milford township, two and a half miles west of Brandon, on the Sycamore road. He was struck on the neck by a falling pole while engaged in placing a siphon in a gas well. His neck was broken and death was instant.

### DROPPED DEAD.

Bangs, O., Oct. 15.—Charles Carey, a life long resident of Liberty township, dropped dead about seven o'clock Monday morning in front of the Babbs property in the village, while on his way to the C. A. and C. station.

### HORSE BREAKS NECK.

Jersey, Oct. 15.—Lester Albory, while driving into town Friday night, lost a horse in a peculiar way. The animal became frightened and in trying to get it in the road, the horse fell, breaking its neck and dying instantly. The horse was not insured.

### CONFERENCE OF CHARITIES.

The Ohio state conference of charities and corrections will be held at Bellefontaine, O., on Oct. 22-23.

### Fortune Ranges at Kellers.

General Davis Returns.  
New York, Oct. 15.—Brigadier General George B. Davis, judge advocate general of the United States army, returned from Europe on the steamer Zealand, having been at The Hague as a member of the American delegation of the peace conference. General Davis stated that the work of the conference was practically completed before he left The Hague, all that remained to be done being the compilation of the report of the conference.

When the herring fishery season is at its height something like 5,000 or 6,000 miles of nets are set nightly in the North Sea.

## FROM DERRICK

**GAS WELL MAN FELL AND SEVERELY BROKE HIS SHOULDER.**

Hand Badly Cut in Opening a Fruit Jar—News of Granville and Vicinity.

Granville, O., Oct. 15.—Henry Edwards, a gas well employe, had the misfortune to meet with a painful accident on Friday of last week. He was engaged in taking down a derrick north of town, when he slipped and fell a distance of about 10 feet. He alighted on his left shoulder and at first it was thought it was broken. It was only badly wrenched, however, but he will be unable to work for some days.

The goosebone prophets of this place are beginning to get in their work. One of them has it doped out that the coming winter is to be like that of two years ago, when there wasn't any snow until well along in to springtime. Another one gives us

exactly the opposite of this. Take your pick.

While attempting to open a fruit jar, Mrs. Henry Williams, residing a short distance northeast of town, had her left hand badly cut. The lid was on the jar very tight, and she was forced to use all her strength to loosen it. As the lid became loose the jar broke, cutting her hand quite severely.

Mr. and Mrs. Cowell will entertain the faculty of Shepardson college at their home Friday evening.

Mr. and Mrs. G. W. Owens of Bucyrus, after a pleasant visit here, have returned home.

Miss Anna Stanton of Pittsburgh, who has been spending some weeks in Kentucky, has been here for some days, visiting her sister, Miss Stanton.

Mrs. R. R. Jenkins of Lorain, has been visiting her daughter, Miss Olive Jenkins.

Miss Fannie Holden of Cleveland, after a short visit here, has returned home.

### STORY OF AN OLD HOUSE.

Once upon an old house stumbled—with decay and age 'twas crumbling, suddenly there came a painter and he said "This is a shame." And he felt that it was his duty, for the old place was a beauty, to paint it with Aurora Paint, and then to change its name. This he did, and now 'tis noted and a prose and verse is quoted, but the people know that to Aurora Paint is due its fame. Aurora Paint and the Marietta Paint and Color Co., Marietta, Ohio. Sold by Newark Paint Co., 31 West Church street.

### Bitten By a Spider.

Through blood poisoning caused by a spider bite, John Washington of Bosqueville, Texas, would have lost his leg, which became a mass of running sores, had he not been persuaded to try Buckle's Arnica Salve. He writes: "The first application relieved, and four boxes healed all the sores." Heals every sore, 25c., at F. D. Hall, the druggist's.

**"SANDY" MURRAY**

**THE WHOLE CHEESE**

Congo, Ohio, Oct. 15.—Big Ed Walker was too much for Shawnee here Sunday, shutting them out 2 to 0. "Sandy" Murray of the Newark O. P. team, was the star of the game, getting three clean hits out of four times up and pulling of some fast fielding. His three base hit in the first inning, followed by an out, scored the first run. After Piper singled in the eighth and stole second, Murray scored him with a sharp single. Buzz Watzel and Weber for the locals, and Bailey for Shawnee also did some sensational fielding. Piper and Frank Locke of the Lancaster O. P. team did the backstopping splendidly.

Riley pitched a good game for the visitors, and with Outfielder Joost was signed by Marty Hogan for the Zanesville 1908 team.

**ANOTHER NEW LEAGUE**

Springfield, Ohio, Oct. 15.—A. J. Watts and Billy Needham, well known baseball men of Toledo, are hard at work on a new circuit to be called the Eastern association, which may cut into the Central and Ohio-Pennsylvania leagues' territory. With Marion, Ind., Lima and Sandusky, O., already arranged for and with a prospect of securing Ft. Wayne, the proposed league has a fine nucleus, and if four other cities can be landed, a prosperous league may result. It is thought that the new league will operate independently of these other cities can not be secured, and in that event Dayton, and probably Springfield of the Central, Akron and Youngstown of the Ohio-Pennsylvania leagues will be offered berths.

The league will be formed or abandoned at the meeting which has been set for November 28, in the Southern hotel in Toledo.

**WOOSTER MAY SEND ROOTERS.**

Wooster, Oct. 15.—There will be a whole lot of improvement before Wooster will be fit to go against Ohio State. The line work will have to be better. In fact, there must be snapper and more aggressive work, not only by the line but by the whole team, said Coach Skeel Monday.

Skeel was happy, however, over the fine showing the team made against Wesleyan on Saturday and thinks that, with a good week's work, Ohio State will not have a walkaway in the roundup next Saturday.

A movement is on foot to arrange for a special train to Columbus next Saturday, and it is very likely that a big bunch of rooters will be on the Wooster side when the eleven goes up against Ohio State's sturdy bunch.

**SOME NEW DEALS EXPECTED**

South Bend, Ind., Oct. 15.—The Central league magnates will hold a meeting in Toledo Thursday, and after awarding the 1907 pennant to Springfield, will take up the discussion of the formation on the new league.

It is stated that an official announcement will be made that the baseball map is to be changed and the leagues to be affected are the Central, Three-Eye, Ohio and Pennsylvania and P. O. M. It will be announced also that protection has been granted to the Central league for Ft. Wayne. The latter city was a member of the league for three years and won two pennants.

According to the plans of the promoters of the reorganization plan, the Central will give four clubs—Wheeling, Dayton, Springfield and Canton—to an organization that will also include Youngstown, Zanesville, Akron and Mansfield. In the place of these clubs, Carson's circuit would take Fort Wayne, Peoria, Springfield and Rock Island.

**PRINCETON WORKS WITH CLOSED GATES**

Princeton, Oct. 15.—A sign was tacked up at the entrance of University field which reads "Secret practice today" and a big crowd of undergraduates were disappointed when they saw it. This is not, however, much of a surprise, as the coaches had hinted that they wanted to try out several new formations which can be better worked out behind closed gates.

Two halves, lasting altogether 25 minutes, were played and the varsity leveled off three touchdowns. The play was for the most part open. Orr and Hanlon doing the kicking. Orr has his broken into the game after an entered absence, and he is a chap who will bear watching.

**FOUNDED 1876.**

And without advertising all eyes are turned toward Bentley's White Lily Catarrh Cure at this time. It reaches a high class of the nation's best home people, who are wise and willing buyers of this worthy article 25 cents. All druggists. 9-24-1m

**GLAD, ANYWAY.**

(Detroit Free Press.)

I lost three teeth,  
My eye is black.  
My coat was torn  
Right down the back.  
My ear was ripped,  
Someone stepped on it  
When I slipped.  
I lost a diamond  
Scarfpin, too;  
I lost my collar  
And one shoe.  
My watch and chain  
Have disappeared;  
Some one yanked out  
My flowing beard.  
I am a wreck,  
But all the same  
I do not care.  
I SAW THE GAME!

**AS USUAL.**

Detroit, Oct. 15.—A great honor has been thrust upon "Wild Bill" Donovan, the premier American league pitcher. A breakfast food has been named "Wild Bill" and Donovan will receive \$5000 from the first month's receipts for his testimonial appearance on every package to the effect that he gained his strength and prowess as a pitcher by eating "Wild Bill" food.

**Swedish Challenger.**

Stockholm, Oct. 15.—William Olsson and Goesta Kyhlberg who are at the head of the movement here to build a challenger for the America cup, say that a large portion of the money required to construct and sail a 50-footer, estimated at about \$189,000, has already been subscribed. Many large manufacturers have offered to furnish material gratis and the captain and three mates of the yacht will sail her without any pay.

**The Price of Health.**

"The price of health in a malarious district is just 25 cents; the cost of a box of Dr. King's New Life Pills," writes Ella Maynard of Noland, Ark. New Life Pills cleanse gently and impart new life and vigor to the system. 25c. Satisfaction guaranteed at F. D. Hall the druggist's.

**A HUMAN BATTERY**

Scientists Claim Magnetism as the Source and Secret of Health.

Vital Magnetism or Human Electricity and its Marvellous Powers Over the Ills of the Flesh That is Daily Being Demonstrated by the Boy Phenomenon Now in Newark at the Hotel Wardon.

Electricity, which is still in its infancy, is every day being developed in some new direction, and every day demonstrating the supremacy of its position as the most powerful and remarkable of nature's offerings to science. Never since the immortal Franklin harnessed the greatest of the mysterious forces that go to make up the elements, has the wide spreading power of electricity been so clearly demonstrated as in the many phenomenal cures that have attended the application of vital magnetism to the sick and suffering of Newark the past week.

Vital Magnetism is human electricity. Every human being in the flux of health and spirits is in that condition only because the system is replete with vital magnetism, because the store of human electricity put there by the Great Power that gives health to humanity and sunshine to the flowers, has kept that store of magnetism intact.

When you see a man or woman with pallid complexion, with that halting step which denotes loss of strength and nerve power with eyes that droop, which fails to show interest in the great panorama of nature. When you see a man or woman in this condition, living from day to day, no hope, no ambition, despondent and miserable, no appreciation of this glorious world, you may know that they are suffering from a lack of life-giving and health-producing vital magnetism, or in other words, human electricity.

Medicines will not supply the vital magnetism they lack; will not fill the system or replenish the nerves again with human electricity, but it can be obtained.

The one man who as Franklin harnessed the electricity of the air, has found the means to control and transmit human electricity. Is the Boy Phenomenon, who, since his power was first discovered at 10 years of age, has since devoted his life to the scientific study of vital magnetism in its application to the cures of the ill of the flesh, and in the ten years he has been publicly demonstrating his power he has accomplished more re-

markable cures than any other man, means or method known to the civilized world.

Not only such cases as were cured at the Auditorium are cures by this method of treatment, but other chronic ailments yield to Vital Magnetism, such as Catarrh, Bronchitis, Varicose, Neuralgia, Nervous Debility, Diabetes, Epilepsy, Tumors, Dropsy, Nervous Prostration, Diseases of a Delicate Nature, Deafness, Heart Disease, Bladder Disorders, Noises in the Ears, Rheumatism, Constipation, Diseases of Women, Cancer, Paralysis, Asthma, Liver Complaint, Scrofula, Kidney Troubles, Dyspepsia and all Stomach Disorders, Piles, Astigmatism and nearly all Eye Troubles, and many other Chronic Diseases.

This is your opportunity to be cured no matter what your condition, how long you have been sick or how many others you have tried; no matter what your doubts may be, if your case is curable at all, there is hope, and a positive cure to all who will take the trouble to investigate.

And, if after satisfying yourself that the Boy Phenomenon is all that he claims to be, and that magnetism is the treatment you want, if you wish to be treated at the present reduced prices you must take advantage of your earliest opportunity to visit his private parlors and obtain an appointment, as his time is rapidly being taken up. Office hours at the Warden Hotel daily from 10 a. m. to 5 p. m., and 7 to 8 evenings.

**THE CIRCUS FAMILY AT HOME.**

After hours at the show to our home we will go.

For a family chat by ourselves, And we run up the stairs, doing flipflops in pairs.

With the ease of a number of elves, Uncle Wren is old, being performing in his old.

Since the days of the first tented shows; But his pipe he will light with a manner so bright.

And a match that is held in his toes.

Grandmamma—once admired in the ring, now retired—

Waits for us in her own inglenook; She is taking her ease on a flying trapeze While perusing a best selling book.

Poor old grandpa is stiff, but his pipe he can whiff.

While he juggles a bunch of fresh eggs, And he stands on his head while he hops off to bed.

For he likes to be kind to his legs.

Brother Joe often sings while he merrily swings By his toes from the high chandelier, And if callers come in he will soulfully grin.

And request them to tickle his ear, Sister Bess has to sew—she embroiders, you know—

But she cannot sit still; not at all—So she stitches each wreath while she swings by her teeth.

On a rope that hangs out in the hall.

Cousin Nellie—she stands with a whip in her hands

On a hobbyhorse that she will rock; With a "Hoop-la!" she leaps through a hoop where she keeps.

Yarn for darning her papa's worn sock, Aunt Minerva is sweet, and her jokes will repeat.

Till from merriment gayly she shakes While she works out a plan sitting on the divan.

For new tricks she can do with her snakes.

When mamma thinks it's time to retire she will climb To the roof and will slowly get set, Then will blow out her light and wait us a good night.

And jump forty-nine feet to a net, It's as fine as can be—you ask what about me?

Ah, those long nights at home I admire For I sleep at my best and get plenty of rest.

At full length on the cozy tight wire.

—Chicago Post.

**His One Question.**

A criminal from the rural districts who had heard all about appeals to the supreme court and who had been convicted of a penitentiary offense was asked by the judge if he had anything to say. "I just want ter ax one question, judge." He stooped down, picked up his slouch hat from the floor as though ready to depart and said, "Whar'bouts is this here supreme court at?"

**How a Man Proposes.**

He—Oh, you're the dearest, sweetest little honey bunch in the world! Will you marry me?

She—Of course I will, you big, dear, silly old goose, but don't muss up my hair so, sweetheart.—Pittsburg Press.

**Interferences.**

"There are pleasures in life that money cannot buy," said the cheery person.

"Yes," answered the man who worries. "There are such pleasures, but as a rule the bill collectors keep butting in so that you can't enjoy them." —Des Moines Register.

**A Fellow Feeling.**

"There is no reason why the pedestrian and the motorist should harbor any antagonism."

"No. The principal difference between them is that one is afraid of being run over and the other is afraid of being blown up."—Washington Star.

August Belmont, head of the traction interests in New York, says he has been a straphanger all his life.

**ASSIGN SPEAKERS**

Secretary Calvert of the state board of agriculture has completed the assignment of speakers and dates for the farmers' institutes to be held in the various counties of the state, beginning December 1 of the present year and running until March, 1908. The schedule effecting Licking county is as follows:

Alexandria—December 2 and 3 R. A. Hayne, H. P. Miller.

Brownsville—January 10 and 11, B. J. Baldwin, W. D. Zinn.

Croton—December 18 and 19, J. L. Doble, D. D. Harsh.

Utica—January 20 and 21, Frank Blackford, J. P. Davis.

**FAREWELL**

Given Mr. John Rosenfoss Monday Night By a Number of His Friends.

Monday evening was fittingly celebrated by several friends of Mr. John Rosenfoss, for the past few years assistant manager of the Newark Furniture company, prior to his departure to the Pacific coast. Mr. Rosenfoss by his ready wit and congeniality has drawn around him a host of friends who will regret exceedingly his departure from their midst, but who wish him God-speed on his entrance to another sphere of activity.

After viewing the performance at the Orphum the several members of the party were escorted to Kuster's Cafe where a splendid collation was served. Many and varied were the toasts offered, all dealing with due respect to our departing friend.

Those constituting the party were: T. J. Evans, W. L. Sperry, John Rosenfoss, W. T. Suter, Chas. Kuhn, Chas. Wade, B. J. Simson, William Rutherford and W. W. Skinner.

**RHEUMATISM BADLY CRIPPLES A BALD-WINSVILLE FARMER.**

**URICO QUICKLY CURED HIM**

Treated Two Years With a High-Priced Physician With No Success.

Mr. Frank Howe, a prominent farmer in the town of Van Buren says: "I visited the best physician in this country, who treated me for about two years for rheumatism. I spent in that time several hundred dollars and seemed to grow worse instead of better each day. Being on crutches and forced to drive to the train and hobbling to the doctor's office became very discouraging, let alone the sleepless nights and fearful hours of pain. Being advised by a friend I purchased Smith's Urico prescriber, took it home and used it that day as directed. Those fearful scintic pains left me, my blood seemed to let loose and flow freely. I felt different and knew the next morning I had found a cure as I slept and rested well all that night. Something I had not done before in two years. I used in all six bottles of Urico and have never felt a return of the disease, had no use for crutches or cane since the first day's treatment."

I have since recommended Urico to hundreds of friends and acquaintances and in every instance it gave remarkable relief. To every person who suffers from Rheumatism I say: "Urico" at once and your suffering will soon end."

**FRANK HOWE, Baldwinsville, N. Y.**

Anyone who doubts Mr. Howe's experience is invited to write him for further details.

The manufacturers have so much confidence in the remedy that they will gladly give a three dollar bottle of Urico free to all Rheumatic who have never used it and are looking for a permanent, lasting cure for this most distressing disease. Address for free trial, Smith Drug Co., 221 South Third St., Newark, N. J. Urico is sold and recommended in Newark by Frank D. Hall, North Fifth Square.

Talk with your doctor about Ayer's non-alcoholic Sarsaparilla. Ask him if he prescribes it for pale, delicate children. Ask him if he recommends it when the blood is thin and impure, and when the nerves are weak and unsteady. Ask him if it aids nature in building up the general health. J. C. Ayer & Co., Lowell, Mass.

## AMUSEMENTS

### ORPHICUM THEATRE.

The bill this week is one of the most wholesome shows that could be seen anywhere, sparkling with good comedy, excellent singing and most artistic dancing. At the rise of the curtain Prof. Long introduces his troupe of trained fox terriers, eight in number, each dog having a prominent part in his share of the performance, especially the dog doing the back flips, which is one of the most difficult feats accomplished. The dogs are all well trained and each and every trick is done with ease and accuracy.

"B" brings forth Giles Harrington with his songs and stories. If you want a rare treat in jokes and parodies, hear Giles, as he is one of the original boys and knows how to make you enjoy a good laugh.

"C." The Quinn Trio make their appearance, two boys and one girl. The act is well dressed and most artistically acted. The young miss is a most clever dancer, well assisted by her younger brother.

Miss Ada Fairchild changes the initial to "D," singing Snuggles Up Closer in a pleasing manner.

"E." and Demonde and Dinsmore are forced to appear. Mr. Demonde sings a couple of good songs, and then Miss Dinsmore assists in feeding for a few good jokes. The finish of the act is new and was promptly appreciated, the team singing through megaphones. They were compelled to respond to numerous encores.

The moving pictures are very good. "The Faithful Dog" and "Just Two Kids" with their many pranks, are extremely funny.

Seats on sale all day at the box office. Don't forget, school children. Saturday matinee means giving away a balloon to every school child.

### MISS THURSTON PLEASES.

Miss Adelaide Thurston and her play, "The Girl from Out Yonder," made a first appearance in Newark last night before an audience that the more they saw of her work wondered that there should be an empty seat in the house. The audience, although small, was appreciative, and Miss Thurston seemed to recognize that fact, for her work was wonderful and the climax of the third act saw the finest bit of emotional acting seen on the Auditorium stage in many a day.

But whatever may be Miss Thurston's feelings in regard to the size of her audience, she certainly can find material for self congratulation in the demonstration of approval that greeted her time and again. An excellent company helps to make the show what it is, the characters being in capable hands. The most noticeable support was given by Leo Hardman as Ben Cooke, Anna C. Turner as Cousin Simonson, who likes "ter be a widder," and Cap'n Amos Barton, which character was in the hands of a new man whose name did not appear on the program. This was his initial performance and his efforts in the character, which was a long one and required delicate handling, was entirely successful.

Flotsam, as portrayed by Miss Thurston, was an exceptional character in the competent hands of the clever little actress. Her growth in mind from the opening of the first act, when she meets "the city folks," until the highly dramatic conclusion of the third act, is portrayed in an exceptional way. Her part was an unusual one, but it was fully appreciated by her hearers, who sincerely hope that at some future day she will come back to Newark. If she does, the Auditorium will be tested as to capacity, and the little actress will then know the hold she had on the hearts of the theatre goers of this city.

### PAUL GILMORE TONIGHT.

The three acts of George V. Hobart's new automobile love idyl of the West, "The Wheel of Love," are placed at Lake Hopatcong, New York city, and the Rosebud ranch, Texas. The first is charged with true automobile hustle and bustle, the second is given up to business schemes and plans, and the third is bathed in the

beauty of an early spring morning in God's country. George V. Hobart has never been more potent than in this, his latest attempt—never more successful in the carrying out of his plans never more interesting in the telling of his story. Paul Gilmore, for whom the play was written, will be seen in it at the Auditorium tonight.

### WE ARE KING.

The management of the Auditorium announces the appearance of that clever romantic actor, Mr. Lawrence Evart, on which occasion Mr. Evart will present Mr. Walker Whitesides' greatest comedy success, "We Are King," in which he has made such an emphatic success. The double role of Gustavus Venner and Hector, King

### MR. LAWRENCE EVART

of Kahnburg, in this play affords Mr. Evart splendid opportunity to display his superb talents. It is not often that the local management cares to unqualifiedly endorse an attraction in advance, but in this instance it is done, both from personal knowledge and from reports received from managers in other cities. "We Are King" is a splendid comedy drama, and in it Mr. Evart is a great success.

This will be the first presentation of the play in this city, with Mr. Evart in the dual role, next Friday evening.

### NEXT SATURDAY'S ATTRACTION.

Everyone is interested in the struggle of a poor man to achieve fame and riches, and it is this interest that holds one spellbound through every act of "The Old Clothes Man," in which, under the management of the Rowland and Clifford Amusement Co., James Kyrie MacCurdy is starring.

Few plays or players have so successfully toured the country, and this being Mr. MacCurdy's fourth season in "The Old Clothes Man," added interest will be lent to the occasion of his appearance in this city at the Auditorium next Saturday, afternoon and night.

### IMPORTANT ANNOUNCEMENT.

David Belasco's great play, "The Darling of the Gods," comes to the Auditorium soon. Manager Johnson has already started making the necessary alterations and preparations for the handling of this immense production. Further particulars regarding this extraordinary engagement will be published within the next few days.

### MISS MAYO HERE.

Miss Margaret Mayo, the charming little actress who has now blossomed into a full fledged playwright, and who has already won success as the authoress of "Divorcons," in which Grace George is starring, also "Pretty Peggy," and several others, is writing a new play for Miss Thurston, and was in Newark last night consulting with her and her manager, Francis X. Hope. Just what the nature of the play was Miss Mayo did not state, but it is being prepared for Miss Thurston's New York appearance. Ouida's "Two Little Wooden Shoes," a charming little play with a Dutch setting, is also being seriously considered, and may be staged for the Boston appearance of Miss Thurston.

Unable to obtain men enough for the harvest fields, Marinette county (Wis.) farmers hired women in their places.

Read the want ads on page 3 of the Daily Advocate.

As soon as the President can get time he will doubtless attack Mr. Darwin's ant and monkey stories.

## PRESIDENT'S SON BADLY HURT IN FOOTBALL GAME

Cambridge, Mass., Oct. 15.—Theodore Roosevelt Jr. today developed a bad case of water on the knee, as a result of an injury received in the game between the second Harvard team and Phillips Exeter Academy, last Saturday. Roosevelt had been playing a strong game at right end on the Harvard team. The President's son was made a special target by his opponents during the game.

### Not Interested.

"You don't seem to display any interest in these theories that animals talk."

"Certainly not," answered the brusque citizen. "I see no possible need of an increase in the present supply of conversation."—Washington Star.

### A Hard Order.

Mike had only recently been made foreman of the section gang, but he knew the respect due his rank.

"Finnegan," he said to an argumentative assistant, "I'll have something out of you but silence, and mighty little of that."—Youth's Companion.

### Not Compatible.

"Why did you ask the army officer you were talking to if he had been out to the gold fields?"

"Why not?"

"How do you suppose he could be a miner when he's a major?"—Baltimore American.

### At the Drug Store.

"You can't tell a woman by her looks."

"Not unless you see her do it."

"Do what?"

"Buy her looks."—Cleveland Plain Dealer.

### DOCTOR THE ITCH WHERE THE ITCH IS.

Don't Dose the Stomach to Cure Eczema and Other Skin Diseases.

Those afflicted with Eczema, psoriasis, salt rheum, or other skin diseases of a similar nature, should never dose the stomach to rid themselves of the terrible itch. They should doctor the itch where the itch is—cure the skin through the skin, not through the stomach.

Eczema and other diseases of a kindred kind are skin diseases—not blood diseases. Science has shown that Eczema is caused by germs in the skin, and that the disease can be eradicated only by killing the germs.

Dr. Decatur D. Dennis was one of the first physicians to follow out the germ theory in skin diseases. Then he discovered by mixing oil of wintergreen with other soothing agents he had a liquid preparation which killed the germs and cured the awful itch, leaving the skin white and smooth. Since that time this D. D. D. Prescription has been the standard remedy for skin diseases, just as Dr. D. D. soap is the standard high grade skin soap.

The first few drops of D. D. D. give instant relief from the terrible itch and from the frightful burning of the diseased skin. So reliable is this D. D. D. remedy that hundreds of physicians prescribe it. It is a wash as thin as water and as mild as pure, which is applied to the diseased portion of the skin.

Mrs. Frances Richmond of Milton, Trimble county, Kentucky, writes: "My little girl's fingers were sore almost to the bone from Eczema. I used part of the sample bottle of D. D. D. Prescription received from you and now they are well. It is a wonderful skin remedy."

We carefully investigated this D. D. D. Prescription before recommending it to our neighbors and patrons, and after a long experience we are more than ever convinced of its wonderful merits.—Frank Hall.

You needn't decide now, but call at our store anyway and we will show you how this D. D. D. Prescription gives instant relief from itch.

Of the world's population there are 64 to the million who are blind.

## THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

### The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

## C. W. MONTGOMERY

Tells of Meeting of Board of Control of the Ohio Experiment Station.

Editor Advocate:—The October session of the Board of Control, Ohio Experiment Station was held at the sub-station in Meigs county.

Here we have 300 acres of land and are trying to work out such problems as confront the farmers among the hills of southeastern Ohio.

Three lines of work are thought to be best for that section, fruit growing, forestry and sheep husbandry. It is well known that fruit properly grown on these hills is of high color and good quality. As to forestry many of these hills are washed and gullied denuded of grasses, and about the only practical thing to do with them is to get trees of valuable woods started on them.

As for live stock, the sheep seem best adapted to these hills. But sheep must have nutritious pastures and the problem is to get the land into permanent pastures.

But much of the land is so rough, that the labor of subduing the briars and weeds, and getting a sward of blue grass, would be more than the land is worth after the task is accomplished, hence the forestry work.

On some of the more level land it is surprising what has been accomplished. Where four years ago were briars and weeds, today are good sods of clover, timothy and blue grass.

Some plot work in alfalfa has been done this year, and some of the plots are looking very fine, especially where lime and some mixture of fertilizers have been used. It is also surprising the effects of fertilizers on the corn crop. Fertilizers so far seeming to have increased the yields more than barnyard manure.

At the time of our visit the Meigs County Pomona Grange was holding a fair on the farm. One exhibit that particularly attracted my attention was the work of a Juvenile Grange. The children had been working at

collecting the various woods weeds, and grasses of the locality learning their names and properly labeling them. One little girl (Leonila Marie Lloyd, 10 years old), had collected 125 grasses and weeds, put them on card board about 8 inches by 10 inches and properly labeled them. She had also made a collection of 67 moths, and had also made a map of Ohio, outlining the counties and a map of Meigs county, outlining the townships in needle work.

When the corn is husked and measured I will give your readers some of the results.

CARY W. MONTGOMERY.

### "Pneumonia's Deadly Work"

Had so seriously affected my right lung," writes Mrs. Fannie Connor of Rural Route 1, Georgetown, Tenn. that I coughed continuously night and day and the neighbors' prediction—consumption—seemed inevitable, until my husband brought home a bottle of Dr. King's New Discovery, which in my case proved to be the only real cough cure and restorer of weak, sore lungs. When all other remedies utterly fail, you may still win in the battle against lung and throat troubles with New Discovery, the real cure. Guaranteed by F. D. Hall, druggist. 50c. and \$1. Trial bottle free.

### CHARGES FOR OBITUARIES AND CARDS OF THANKS.

Readers will kindly take notice that there is a charge of five cents a line (six words to the line) for all obituaries exceeding 15 lines, (90 words). We print all obituaries less than 15 lines in length free of charge. Cards of thanks we charge five cents a line (six words to the line.) The minimum charge of cards of thanks is 25 cents.

## EXPEL GIRL

From Fashionable School Because Her Name is Entangled in the Hartje Divorce Suit.

Morrisstown, N. J., Oct. 15.—As a result of the most recent developments in the notorious Hartje divorce suit, involving the name of Ida Scott, the 17 year old sister of Mrs. Augustus Hartje, who is being sued by her husband for divorce, has been removed from Miss Dana's fashionable seminary for girls here.

Miss Scott was enrolled as a pupil at the opening of the term. Then came Hartje's plea to re-open the case on the strength of new evidence

said to have been contained in letters written by Ida Scott and her sister, Helen, which it is alleged were sold to Hartje by Howard W. Lappe, whose clopement with Ida Scott was frustrated by Mrs. Scott. When the newspapers printed this story, Miss Scott suddenly disappeared from Miss Dana's school. It was admitted today that she has gone away "for a few days," and inquirers were directed to her father. Girl chums, however, insist that Miss Scott was expelled.

## TO PRISON

Ex-Mayor Schmitz of San Francisco Must Go Forthwith, Losing His Right of Appeal.

San Francisco, Oct. 15.—According to the district attorney's office, Eugene Schmitz, former mayor of San Francisco, has lost the right of appeal to a higher court through a blunder of his attorney, Charles H. Fairall, and must go to the penitentiary forthwith. Moreover, the claim is made that after Fairall discovered his mistake he sought and procured a change in the record of the transcript of appeal to cover his own error. These recommendations in ink occur in the printed volume and the prosecution refused to accept service in the matter.

## FULL STEAM

PUT ON BY ENGINEER, BUT HE COULD NOT SAVE THE TRAIN.

Which Crashed Through a Trestle, Carrying Twenty Men Down Ninety Feet.

Middletown, N. Y., Oct. 15.—One man was killed, five others will probably die and six or eight were badly injured when 17 cars of a work train crashed through a trestle on the New Erie and Jersey railway at Stony Ford near here. The cars were loaded with dirt and stone, and 20 Austrian laborers who were on board went down with them to the bottom of the ravine, 90 feet below. The engineer felt the trestle giving and putting on full speed succeeded in getting across with his engine and one car. The coupling with the second car broke and all the rest of the train went into the ravine.

## COLLISION

Between a Trolley and a Work Car. Twenty-five Injured.

Erie, Pa., Oct. 15.—Twenty-five persons were injured, a majority of them seriously, in a trolley collision on the Buffalo and Lake Erie Traction company line at Mooreheadville switch near here. All the passengers had miraculous escapes from death. The car was late leaving North East, below Mooreheadville, and is said to have been running at the rate of 30 miles an hour. A work car preceded the trolley and at Mooreheadville it was sidetracked. It is said the switch was not properly locked and the passenger car struck the switch, swerved for a moment and then crashed into the work car.

## Accident on the L.

Chicago, Oct. 15.—Fifteen or more persons were injured, several of them seriously, when a Metropolitan elevated train crashed into the rear of a South Side elevated train at State and Van Buren streets. The end of the car was stove in and all the windows were shattered. Many of the passengers were badly cut by flying glass, and others were injured in the frantic rush for the platform, following the accident. The accident is said to have been caused by the failure of the motorman on the Metropolitan train to apply his brake in time.

## OPERATION

PERFORMED UPON JOHN MITCHELL FOR APPENDICITIS IS SUCCESSFUL.

Patient Rallied Well, But in Weakened Condition is Still in Grave Danger.

LaSalle, Ill., Oct. 15.—John Mitchell, president of the United Mine Workers of America, was operated on for appendicitis. He was under the influence of an anaesthetic for 35 minutes. The operation appears to be successful. The patient rallied after the removal of the vermiform appendix, and is resting easily, although his condition is still serious. Physicians say recovery will be slightly delayed on account of the poor condition of the system. Mitchell underwent hernia operations six months ago, and he never fully recovered from the effects. A conference was held with Vice President Lewis and Secretary Wilson on Sunday to arrange for the work of the union during the operation and the succeeding illness. Mitchell's possible successor was not mentioned at the session, so far as known to the public.

## Doing Business Again.

"When my friends thought I was about to take leave of this world on account of indigestion, nervousness and general debility," writes A. A. Chisholm, Treadwell, N. Y., "and when it looked as if there was no hope left, I was persuaded to try Electric Bitters, and I rejoice to say that they are curing me. I am now doing business again, as of old and am still gaining daily." Best tonic medicine on earth. Guaranteed by F. D. Hall, druggist. 50c.

## DRESDEN BANK CLOSED

Washington, Oct. 15.—The First National bank of Dresden, O., was closed today by the direction of the comptroller of the currency, upon report of National Bank Examiner Robert Lyons, alleging it to be insolvent. Robert Lyons has been appointed receiver. The resources and liabilities of the bank on August 22, 1907, the date of the last report made to the comptroller of the currency, were \$294,969.70 each.
